aluminum

Wall or ceiling luminaire, EN47100 die-cast aluminum made. Powder polyester coated on treated layer to prevent corrosion, available in four standard colors, base white painted only.

Diffused light emission, characterized by uniformity, efficiency, and anti-glaring thanks to the planar light guide.

The positioning of the LED board matched to the light diffusing reflector grant a low luminance and bidirectional emission.

Polycarbonate UV resistant diffuser, mechanically fixed with silicon glue, IP gel connector included, to grant protection.

Supply 120VAC 50-60Hz

Light source: Mid Power LED  
3000K/4000K CRI≥80

Power 13W 0-10V dimming
