

GENIUS BASIC FLAT

GENIUS IN A THICKNESS OF JUST 2.36".

A totally recessed luminaire with body in Coral®, ideal for indoor ceiling-mounted applications.

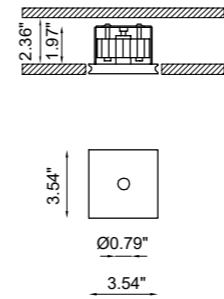

Genius Basic Flat is the most compact of the Genius family characterised by a design which further minimizes the thickness of the upper part, reducing it to only 2.0" (50 mm). The usual 0.79" (20 mm) light emission hole provides 540 lm and allows direct access for maintenance work, thanks to a new system which makes removal and replacement easy, so there is no need for any inspection hatch, nor for invasive maintenance operations.
