# GENIUS BASIC NAKED IP65

THE MOST COMPACT
TO INSTALL ON ANY MATERIAL.

The outdoor version of Genius Basic Naked is now available in the Basic Naked IP65 model. This totally recessed luminaire for outdoor use has been engineered to achieve an IP65 protection level. Since it is a new version of the Naked model, this product extends the concept of total surface integration to any material and contexts and also achieves the potentials typical of the Basic line.

Genius Basic Naked IP65 is a very compact product, a synthesis of Buzzi & Buzzi research in terms of versatility, efficiency and reliability: a light flow of 540 lm, installable in a cavity of only 3.15" (80 mm), with IP65 protection. It can also be installed from above onto wood, cement, mirror, marble and industrial modules with a thickness of from 0.47" (12 mm) to a maximum of 1.18" (30 mm). Typically Genius, the only visible part is the light emission hole measuring 0.79" (20 mm), from which the LED light source can be pulled out thanks to a system which makes it easy to replace the light source, so there is no need for any inspection hatch, nor for invasive maintenance.

Ø 0.79"

TECHNICAL FEATURES

Code	**BU2071** XX
Type	Downlight 90°
Material	Aluminum	Steel
Finishing	Black
Weight	1.43 lbs
Mounting	Ceiling recessed
IP rating	IP65
Control gear	Remote constant current electronic driver (not included)
Lamp type	LED 700mA Vf: 6.5 VDC
Lamp wattage	4W
Luminous efficacy	110 lm/W - 3000K
Light distribution	Wide beam 24°
Fitting	-
Light colour	White 3000K White 2700K	4000K (on request)
Light hole	Ø 0.79"
Voltage connection	By driver (optional)
CRI	>90
Note	Suitable for installation on surfaces max 0.79" deep.
