

GENIUS NAKED IP65

A BARE GENIUS SUITABLE FOR ANY SUPPORT AND MATERIAL.

Genius Naked IP65 is a totally recessed ceiling-mounted luminaire, suitable for use outdoors and in very damp environments, thanks to its high IP65 protection level.

This product extends the concept of total surface integration, typical of Buzzi & Buzzi, to any material and context: in fact, it can also be installed **from above** on wood, cement, mirror, marble and industrial modules with a thickness of from 0.47" (12 mm) to a maximum of 0.79" (20 mm). The only visible part is the light emission hole measuring only 0.79" (20 mm), while the electrical part can be removed through the light hole, thanks to a push-pull mechanism making it easy to pull the LED light source out, with no need for any inspection hatch, nor for invasive maintenance operations.
