# i-lantern

*An interactive cage to seize the light, I-Lantern in the garden lamp version has a strong personality, a light direction with a diffused beam with a powerful 10W heart.*

*An aesthetic fusion which lives in parallel with a minimal design available in a wide range of possible outdoor installations in parks and gardens. The portable I-Lantern is fitted with a red leather handle, suitable for moving and positioning the device in its desired location.*

*The carrying frame measures 5.9" x 5.9" x h 11.8", is made in extruded aluminum and can be customized in four finishes made by powder coating, graphite, oxide, white and black. The alluring light of I-Lantern is enhanced by an opal, polycarbonate diffuser, the beam is diffused, available also in the re-chargeable and self-feeding version with autonomy of 3 hours at the maximum power.*

*Possibility of management and dimming via Bluetooth on request.*
