

METOO

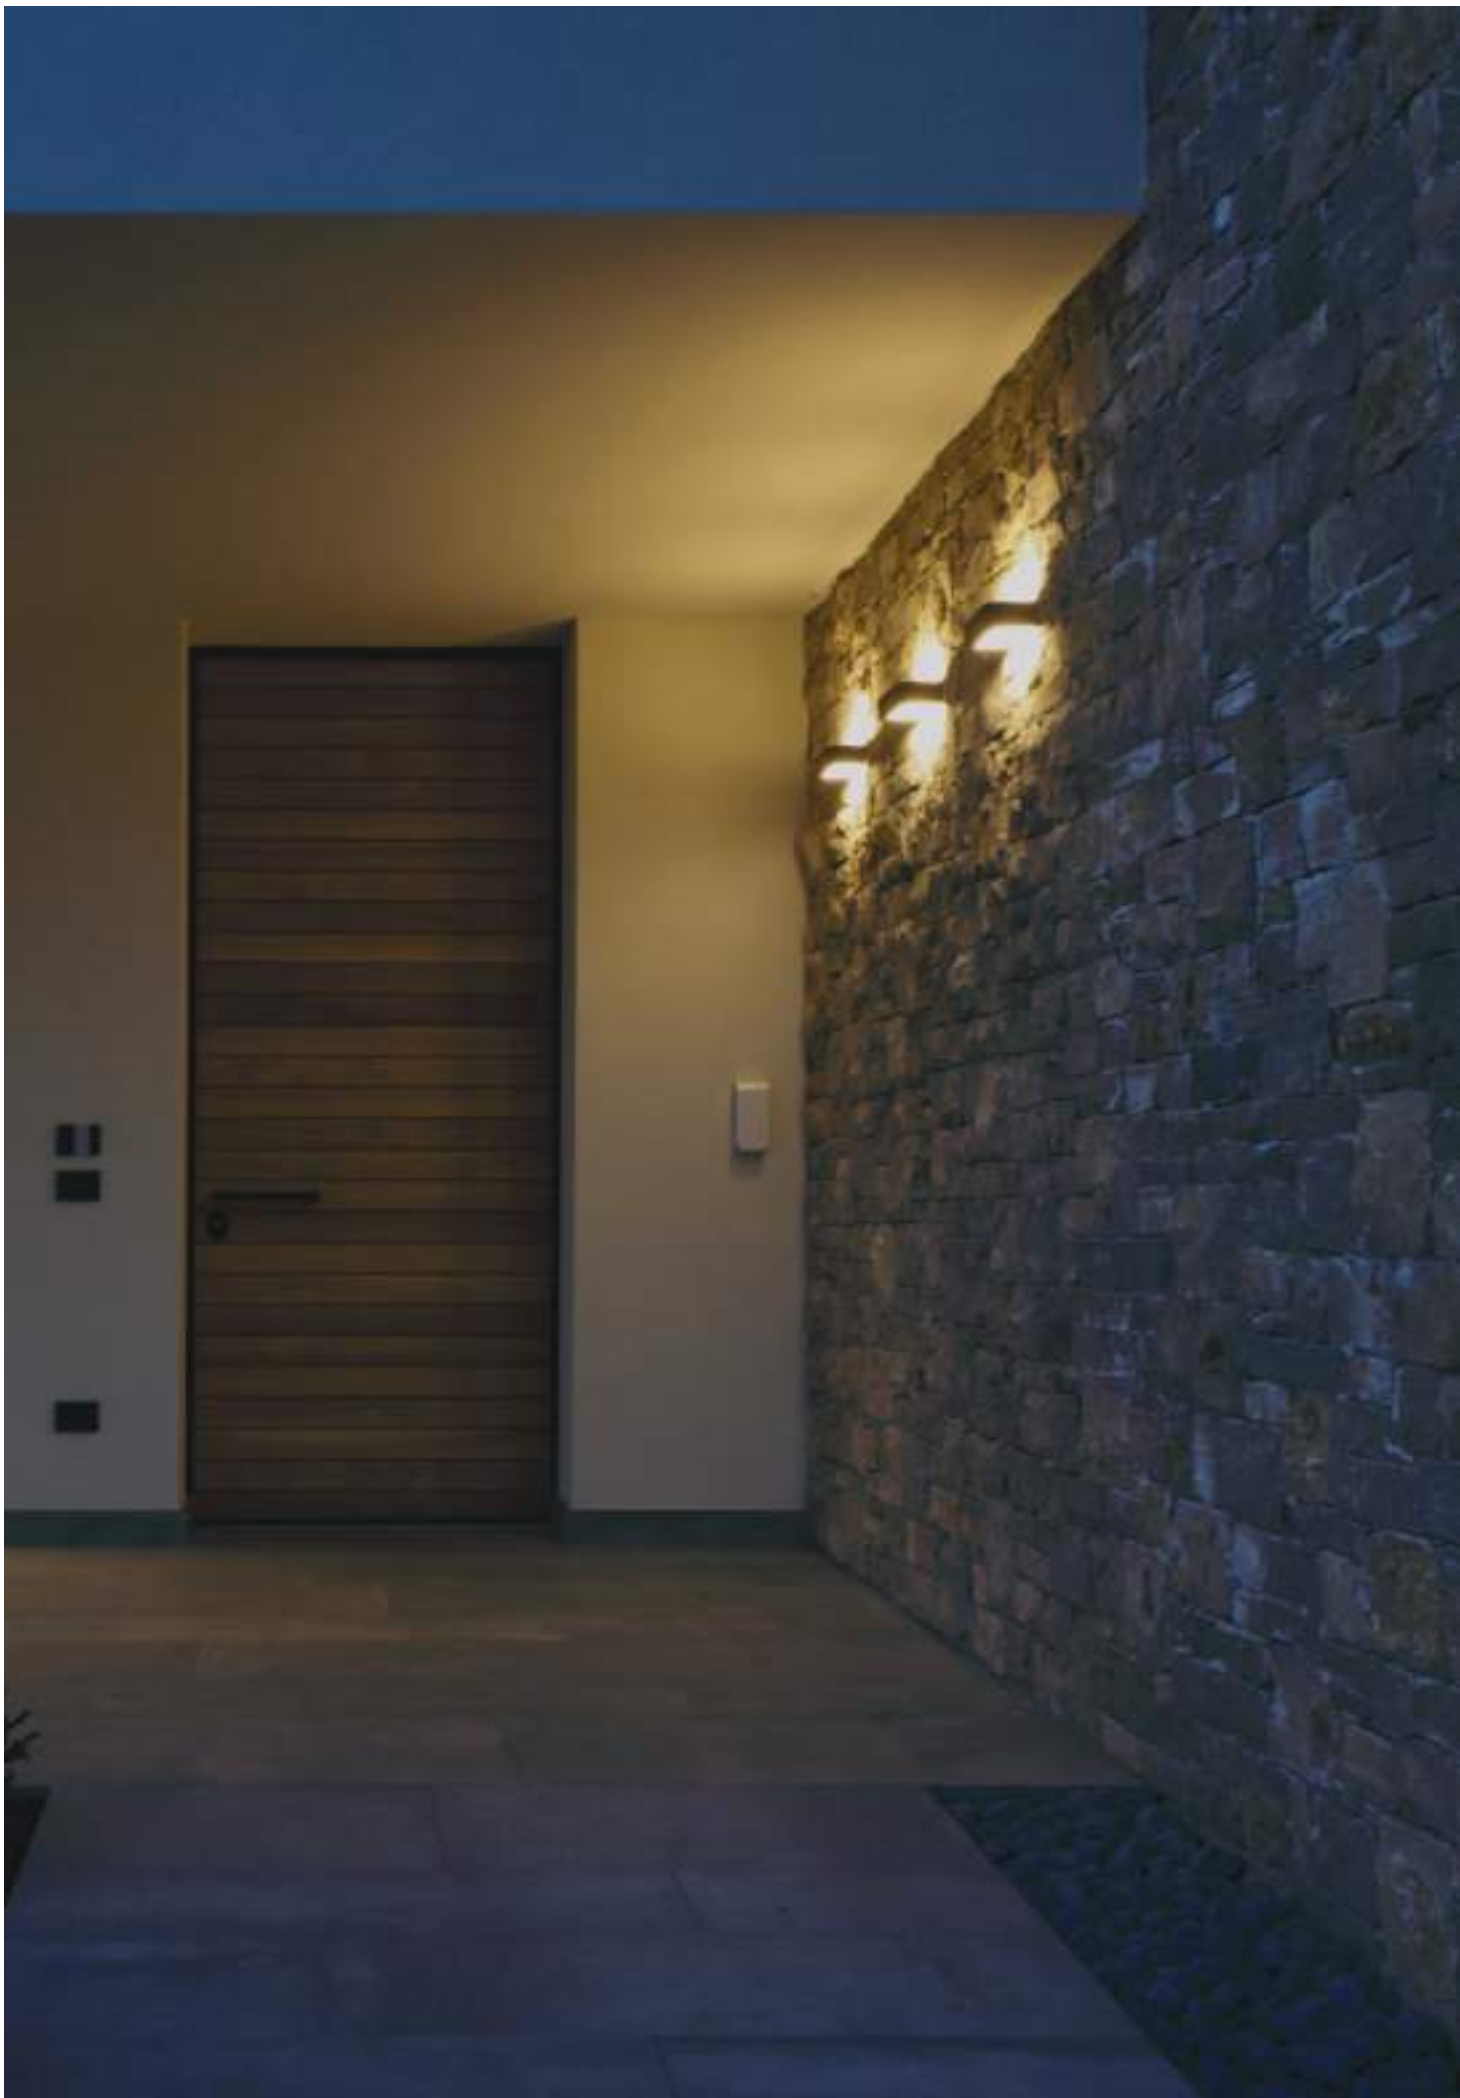

Metoo is a minimal and elegant wall and ceiling luminaire, also available in its bollard version (h. 7.9", h. 19.7", h. 31.5").

EN47100 die-cast aluminum made and Powder polyester coated on treated layer to prevent corrosion and available in five standard colors except for the base only white painted to optimize its reflection function. The chemical treatment of aluminum fixtures consists of Cataphoresis process followed by a 60/80micron layer of power polyester coating .

The characteristic positioning of the LED board matched to the light diffusing reflector grant a low luminance and bidirectional emission.

- Remote Power Supply 24V - 9W
- CCT: 2700K/3000K/4000K CRI \geq 80
- A tempered transparent glass diffuser is mechanically fixed with silicon glue.
- IP65
- IK08
- IP jelly connector is included, bollard version is supplied with an IP connector.
- Anchor bolts and 3-4Ways connector have to be separately ordered.
