NAIL PRO

LAM32
IDEAS BECOMING LIGHT

Luminaire designed for recessed installation on walls, floors. Suitable for power LED sources for step-marker grazing light. Its body is made of Anticorodal aluminum submitted to anodizing treatment and AISI 316L stainless steel to guarantee durability over time and maximum resistance against atmospheric agents. The installation can be done under a pressure on a special casing in plastic material. The protection degree IP67 is ensured by a special waterproof cable gland system and silicone gaskets. The integrated LED driver allows its power at 24VDC. It is equipped with a 19.7" long neoprene cable for connection to the power supply line, through appropriate waterproof connection systems not included. Remote power supply not included.
