

RECESSED FITTING WITH REAR GLASS, MAXIMUM INVISIBILITY.

A recessed indoor system made of AirCoral® for plasterboard or brick ceilings designed to become an integral part of the ceiling, Nimbus is completely disappearing from the view once installed. Its satined glass diffuses light in the environment, enhancing the spaces, transforming them in a sight to rediscover every time, defining precise light paths with a distinctive style that speaks the language of design.

79 Trenton Avenue Frenchtown, NJ 08825
