

9W

designplan™ 

Nine W is a wall mounted version of the Nine pendant by Designplan Lighting, Inc. that offers a sophisticated, minimalist lighting solution with a linear spread upper and a diffused lower light source with 0-10V dimming option.

Nine W comes in three single lengths: 30", 36" and 48" and is available in continuous runs using connectors for inside and outside corners.

Nine W is available in 2700K, 3000K, 3500K and 4000K with four standard finishes (see datasheet). A version is also available with an emergency battery backup. ADA compliant.
