

SLICE C

800 lm CEILING MOUNTED
WITH INCORPORATED DRIVER IN JUST 2.36".

Slice C is a ceiling-mounted luminaire with a minimal design. With a square base body measuring 5.91" x 5.91" and an only 2.36" total height, it can be installed on any type of support. Made with a white painted aluminum body and an AirCoral® front panel, it maintains all the features of its totally disappearing version. The LED optic is able to emit 800 lumens and allows a simplified maintenance thanks to the extraction and replacing of the electrical part from the front side only, reducing the post-installation maintenance to the minimum. Differently from its recessed version, Slice C allows to install the driver on board.

TECHNICAL FEATURES

Code	BU1922 XX
Type	Ceiling lamp
Material	AC: AirCoral®
Absorption capacity*	12.92 ft²
Weight	-
Mounting	Ceiling mounting
IP rating	IP40
Insulation class	III
Control gear	Constant current electronic driver on board
Cut out for plasterboard	-
Lamp type	LED 350mA
Lamp wattage	1 x 8.5W
Luminous efficacy	800 lm - 3000K
Light distribution	Diffuse
Fitting	-
Light color	White 3000K White 2700K 4000K (on request)
Light hole	2.36" x 2.36"
Voltage connection	122-277VAC · 50/60Hz
CRI	90
