

# BUZZZ

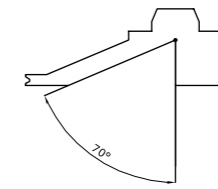

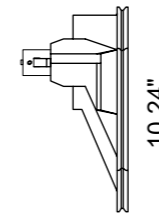

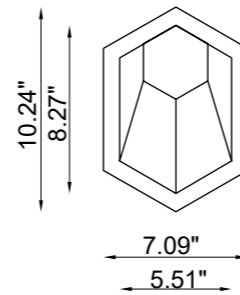

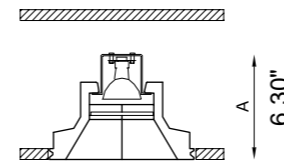

A product with an exclusive and refined design, where elegance and technique are combined to give life to unique light atmospheres. A totally disappearing indoor recessed luminaire made of AirCoral®, installable in plasterboard or brick ceilings, able to enhance environments defining their beauty. Buzzz has a unique hexagonal shape and it emanates asymmetric beams of light which, together with the glass, create suggestive lights both on the sides of the body and within the space it is installed in. This combination of technology and emotions fills the environment with mystery.

## TECHNICAL FEATURES

Code	BU6157.Z.AC.US
Type	Asymmetric downlight 70° 
Material	AC: AirCoral®
Absorption capacity*	49.94 ft <sup>2</sup>
Weight	1.98 lbs
Mounting	Ceiling recessed
IP rating	IP40
Control gear	Constant current electronic driver (not included)
Dimensions	A: 5.51"
Lamp type	LED 500mA 
Lamp wattage	1 x 10W
Luminous efficacy	105 lm/W - 3000K
Light distribution	Wide beam 40°
Light color	White 3000K
Light hole	8.27" x 5.51"
CRI	>90

\* The absorption capacity per ft<sup>3</sup> calculated by the American organization TCNA (Tile Council of North America) is measured for an average room of 8.86' in height and therefore expressed in ft<sup>2</sup>
