

GENIUS SQUARE

The classic shape of Genius' light emission hole changes, and becomes squared. As always discreet and elegant, it perfectly integrates itself with surfaces achieving extraordinary complete disappearance effects: Geniusquare, a totally disappearing recessed luminaire in AirCoral®, installable on plasterboard or brick ceilings, surrounds objects minimizing the light source up to its ideal disappearance, in a perfect synthesis of aesthetics and advanced technology.

With a simple hand gesture, the electric part can be extracted directly from the hole which allows the light to pour out. This is possible thanks to the push-pull mechanism, which makes the eventual extraction and replacement of the LED source easier in case of maintenance.
