X1 NANO 48V is a 48V N-INSIDE and N10 track luminaire, available in black, white, champagne or rose gold finishes and interchangeable lenses. Characterized by a high performance projector, with a minimal design to give minimum visual impact, it is fitted with an adjustable arm which can be tilted over a vertical axis of 360° and a horizontal axis of 90°.

A light which enhances spaces and environments with elegance, making every individual detail the protagonist of the interior of the design space. The X1 NANO 48V projector has a LED (COB) CRI 90, 3000K or 2700K light source (4000K on request) fed by direct current with recessed converter installed inside the track's adaptor.
