

VIRTUS DIRECT IP65

TECHNO-CEMENT AND ALUMINIUM FOR LONG-LASTING RESISTANCE.

Virtus Direct IP65 is a wall lighting device for outdoor use with an elegant and linear design: an applique that speaks of purity, shapes and light which, together with the features of DurCoral[®], give life to unique solutions able to perfectly integrate themselves inside the external environment.

A direct light that creates precise bright atmospheres alongside paths, access points and façades of the buildings it is installed on. Lighting defines spaces, putting itself at the service of materials, volumes, colours, allowing the perception of spaces and ever different emotions. Virtus Direct IP65 has an internal soul in die-cast aluminium, a satin-glass diffuser, silicone gaskets and internal inox-steel screws which make it the ideal product for outdoor environments.

TECHNICAL FEATURES

Code	BU3068.68.DC
Type	Wall lamp 
Material	DC: DurCoral [®]
Weight	19.0 lbs
Mounting	Wall mounting
IP rating	IP65
Control gear	Constant voltage LED driver
Cut out for plasterboard	-
Lamp type	LED 24V 
Lamp wattage	1 x 13W
Luminous efficacy	1700 lm
Light distribution	Wide beam 120°
Fitting	-
Light colour	White 3000K White 2700K 4000K (on request)
Light hole	-
Voltage connection	xxx · 50/60Hz
CRI	>80
Emergency	-
Note	Extra white frosted glass diffuser. Aluminum reflector.
