Three different beams for three different stories which have in common the same winning characteristics: high performances, minimal design and interchangeable lens. X3 is an indoor luminaire installable on ceilings or walls and available with white, black or rose gold or champagne finishings. It is perfect for underlining details with a spot light which is discreet and incredibly efficient at the same time. The projectors are provided with an adjustable arm which can be inclined up to 360°, allowing a wide range of luminescent settings.
