

Materials

WATER LIGHT

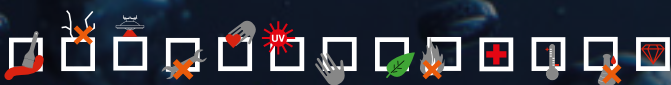

WHAT ABOUT

The material resistant to water and humidity.

PROOF

MORE THAN CORAL®

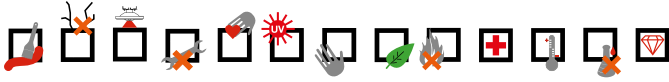

WATERPROOF
no superficial treatments necessary

Materials

DC DURCORAL®

MORE THAN CORAL®

VANDAL RESISTANT
high resistance to acts of vandalism

MECHANICAL RESISTANCE TO BENDING
*bending strength ≥ 55 N/mm²
compressive strength ≥ 140 N/mm²*

SCRATCH RESISTANT
high resistance to scratching even to metal implements

ABRASION RESISTANCE
sprinkling ability ≤ 7 g/m²

RESISTANT TO SALT ENVIRONMENTS
safe to install in high salt content environments

RESISTANT TO CHLORINE ENVIRONMENTS
safe to install in high chlorine content environments

FROST RESISTANCE
insensitive to exfoliation due to freezing and thawing

WEATHER RESISTANCE
porosity to water $\leq 2\%$

EXTRA THIN HI-TECH SURFACE
high mechanical strength

PAINTABLE
customization

WHAT ABOUT

The lighting material more resistant than cement.

THERE IS A CRACK IN
EVERYTHING.
THAT'S HOW
THE LIGHT GETS IN.

LEONARD COHEN

MATTER SHEDS LIGHT
