Cosmopolitan

by TAL & Lithoss

COSMOPOLITAN.

The "Cosmopolitan" collection redefines elegance within the hospitality world, seamlessly blending design and function. Featuring both Lithoss switches and TAL fixtures, this curated line exudes modern sophistication.

Lithoss switches deliver a perfect balance of sleek aesthetics and intuitive performance.

Available in a palette of refined finishes, they complement any interior with subtle elegance.

TAL's indirect lighting fixtures elevate every ambiance, casting a soft, inviting glow. Crafted from premium materials, their finishes harmonize flawlessly with Lithoss switches, creating a cohesive, luxurious look.

Cosmopolitan is the ultimate choice for hotels, restaurants, and other spaces where style and substance merge.

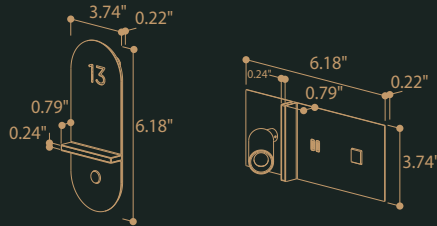

LITHOSS COSMOPOLITAN.

Thanks to its compatibility with triple installation boxes, Lithoss offers an elegant solution for any configuration possible.

Of course, functionality is also a key feature: the subtle orientation light is equipped with energy-efficient LEDs for enhanced comfort.

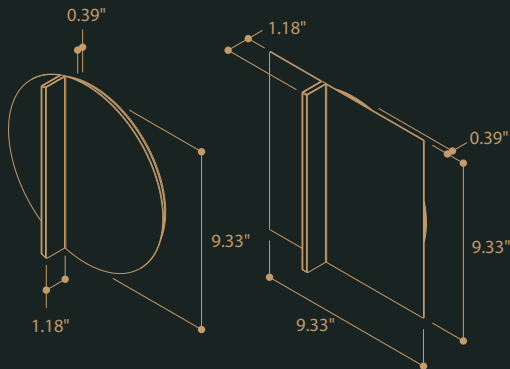

Standard 2700K. Other LED colors on demand.

TAL COSMOPOLITAN.

Effortless installation thanks to a thoughtfully designed system. The electrical connection can be made through a central hole in the wall or a junction box which fits a standard driver.

Standard 2700K. Other LED colors on demand.

COSMOPOLITAN finishes:

Brushed Bronze, Brushed Brass, Red Copper, Brushed Anodics, Textured White, Textured Black and any RAL Color.
