

WELLNESS & SPA

inspired by nature

Lighting Solutions for Spa, Pool & Sauna Architecture

Light becomes part of the wellness experience.

The Wellness line delivers versatile, high-performance lighting designed to enhance every detail of spa architecture, from pools and Kneipp paths to saunas, emotional showers, and relax areas.

Spotlights, linear fixtures, and luminous panels allow precise light modulation, creating focused accents or soft ambient atmospheres, tailored to any project.

From relax areas to the most technical, immersive environments, every solution integrates discreetly, guaranteeing durability, reliability and full lighting control, even in the most demanding conditions.

THE COLLECTION

12 Products, One Wellness Ecosystem

Pool spotlights: NEMO · MINI NEMO · MICRO NEMO

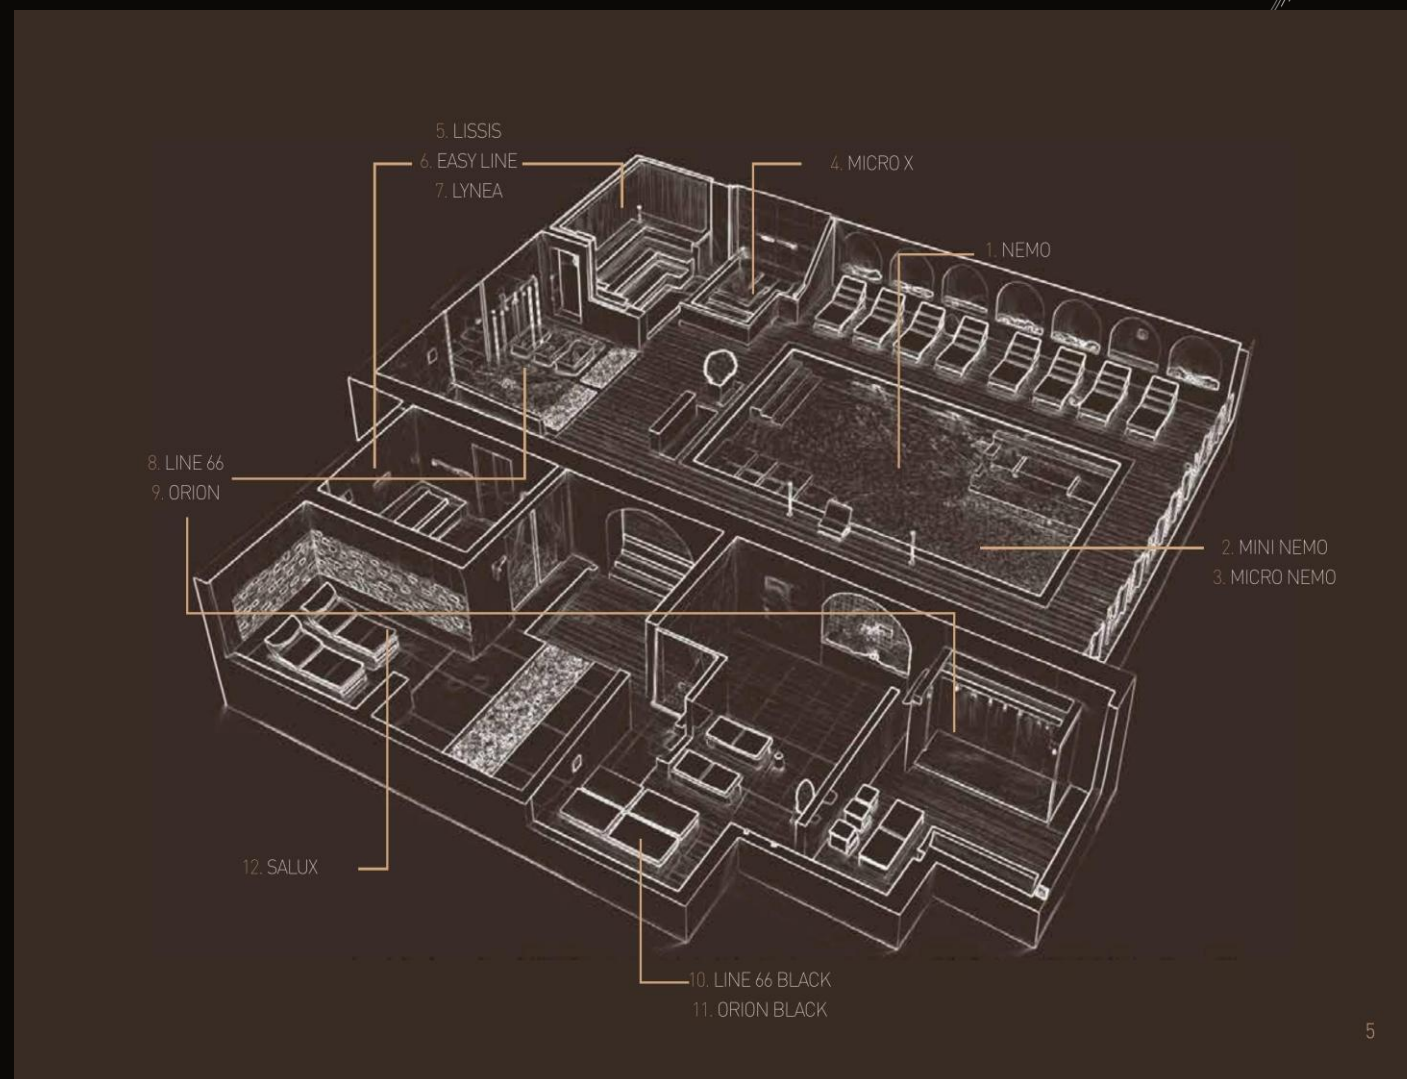

Kneipp therapy: MICRO X

Sauna & Turkish bath: LISSIS · EASY LINE · LYNEA

Emotional showers: LINE66 · ORION

Reception & corridors: LINE66 BLACK · ORION BLACK

Salt rooms & relax areas: SALUX

WHY THIS LINE

Wellness in a Nutshell

IP67 / IP68 waterproof

Fully sealed construction across the range, suitable for permanent underwater and submersible installation.

IK10 impact resistance

Drive-over rated pool and Kneipp spotlights for demanding surfaces.

Wide color range

From 2700K to 5000K, Tunable White and RGBW, plus dynamic color-change with the VLED controller.

High-temperature resistant

Tested up to 100°C and 95% humidity, built for saunas and Turkish baths.

Dimmable, on every product

Full lighting control to match any mood or scenario.

5-year warranty

Italian-made quality, engineered for long-term reliability with easy maintenance.

POOL SPOTLIGHTS

NEMO · MINI NEMO · MICRO NEMO

Circular spotlights for thermal pools, suitable for vinyl or tiled finishes. Equipped with No Air system and Pool Vision optics, 24VDC

Three sizes (7.5", 6.1", 3.4") to fit any pool design, from statement lighting to discreet, ultra-compact accents.

PVC outer case with integrated Corian cover, available in 4 finishes: white, sand, gray, black.

IP68 · IK10 · Dimmable · 3000K/4000K/5000K, Tunable White or RGBW · 5-year warranty.

SAUNA & TURKISH BATH

LISSIS · EASY LINE · LYNEA

LISSIS — spotlight

Fixed spotlight, 1W LED, body in AISI 316L stainless steel and aluminum. IP67.

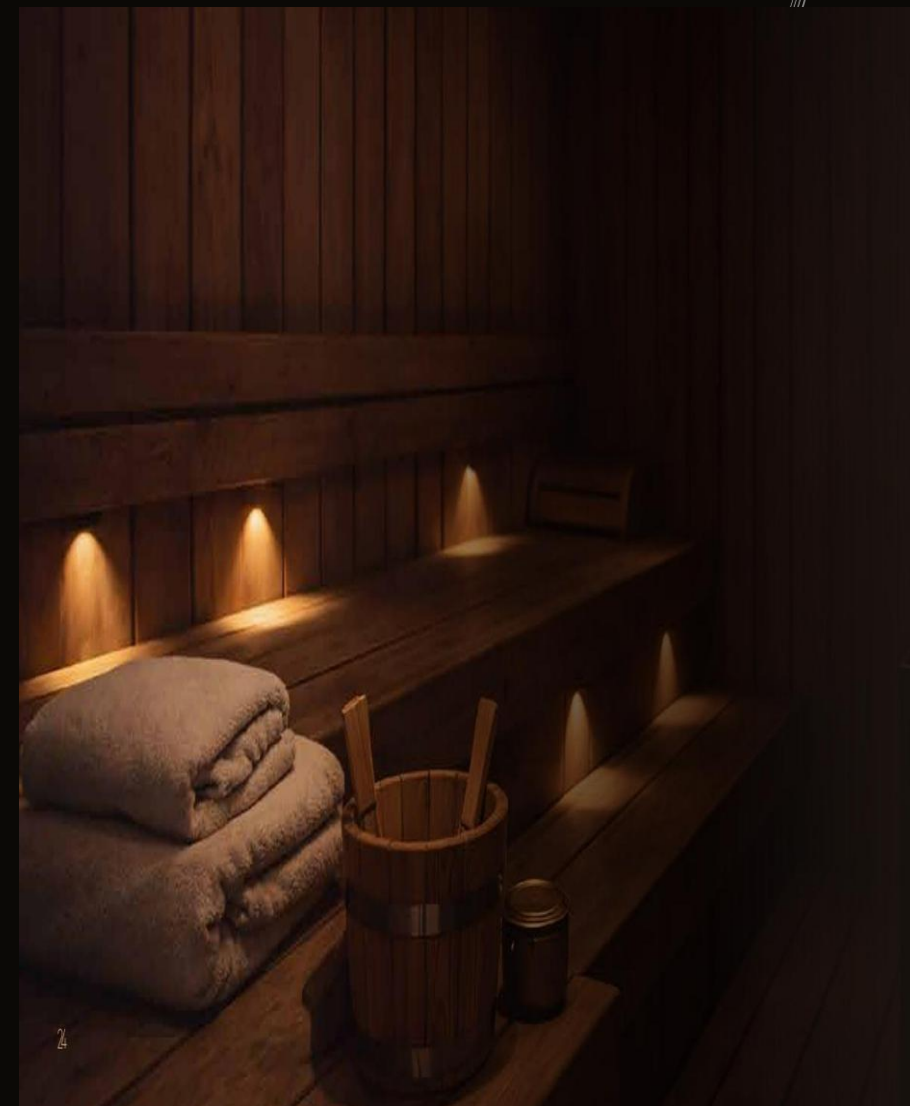

EASY LINE — flexible strip

Vertically flexible LED strip in white PVC and opal resin, up to 15W RGB. IP68.

LYNEA — aluminum profile

Silver anodized profile with opal resin diffuser, up to 15W RGB. IP67.

Tested for humidity and high temperatures up to 100°C · Dimmable · 2700–5500K · 5-year warranty.

EXPERIENCE & VICHY SHOWERS

LINE66 · ORION: Dot Ledstrip

Dynamic color that moves.

Vertically or horizontally flexible RGBW strip (LINE66) or silver anodized aluminum profile (ORION), both with Dot LEDstrip technology.

The VLED control unit creates a moving color change, ideal for emotional and Vichy showers.

Top light or side light versions · IP67/IP68 ·
100°C / 95% humidity resistant · 5-year warranty.

RECEPTION · CHANGING ROOMS · HALLWAYS

Black... is the New Light

LINE66 BLACK — flexible black Ledstrip

Black PVC and black polyurethane resin. Top light or side light. IP68.

ORION BLACK — black aluminum profile

Anodized black aluminum with black resin diffuser. IP67.

Off: pure black. On: pure light.

The dark finish creates an almost invisible effect when switched off, ideal for spaces that don't always need the fixture turned on.

FINNISH SAUNAS · SALT ROOMS · RELAX AREAS

SALUX: LED Salt Panel

A luminous surface for granular salt walls.

LED panel for installation on granular salt walls, suitable for salt rooms or relaxation areas. Body in Forex, installed with magnets for quick, tool-free mounting.

19.7" × 19.7" panel · 24VDC · Standard 19.7" (50cm) cable with micro connectors for quick connections.

2700K – 5000K or RGBW · White or Pink finish · 5-year warranty.

AT A GLANCE
